Description:

Do you have a passion for the drawing field but don't know where you want to specialize? This course covers all the different disciplines of engineering: Building, Mechanical, Piping, Electrical Draughting and Structural Steel Detailing. All of this done on computer with the new Draughting software.

Admission Requirements:

An appropriate National Certificate N3 or a Senior Certificate with a basic understanding of Maths is required to ensure entry. Knowledge of technical drawing is helpful but not essential since we offer a basic introductory course in technical drawing.

Selection Procedures:

A candidate with the above qualifications will enter into a selection process that consists of a personal interview and an entrance test.

Programme Content:

Architectural Draughting Projects
Civil Draughting Projects
Structural Draughting Projects
Mechanical Draughting Projects
Piping Draughting Projects
Electrical Draughting Projects

Duration:

Full-Time or Part-Time

Career path/Opportunities:

- Junior draughts person in any of the related disciplines
- CAD Operator

Course Fees:

Please book an appointment to enquire about fees

Certification:

On successful completion of the programme, the student will receive an Academy of Advanced Technology Certificate
